WHO WE ARE

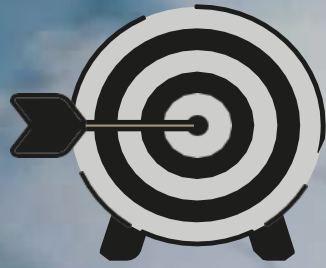

Static Contracting, Trading and Services is a leading general contracting company dedicated to delivering exceptional construction services to clients across various industries. With a solid reputation built on integrity, quality craftsmanship, and client satisfaction, we have become a trusted partner for a wide range of projects.

Our team of experienced professionals brings expertise, innovation, and a commitment to excellence to every endeavor. From small-scale renovations to large-scale commercial constructions, we have the knowledge and resources to successfully complete projects of any size and complexity.

At Static Contracting, Trading and Services, we understand that each project is unique, and we approach it with a personalized and collaborative mindset. We take the time to listen to our clients, understand their specific requirements, and work closely with them to transform their vision into reality. Our goal is to not only meet their expectations but to exceed them, delivering outstanding results that stand the test of time.

Beyond our dedication to exceptional construction services, we are committed to making a positive impact on the communities in which we operate. We actively engage in social responsibility initiatives, supporting local organizations and contributing to sustainable development.

OUR MISSION

Our mission at Static Contracting, Trading and Services is to provide exceptional contracting and trading services that drive the success of our clients' projects. We are committed to:

1. Delivering unmatched quality and craftsmanship in every endeavor.
2. Nurturing long-lasting relationships based on trust, transparency, and mutual respect.
3. Embracing innovation and staying at the forefront of industry advancements.
4. Promoting sustainable practices that minimize our environmental footprint.
5. Empowering our team members with continuous growth opportunities.
6. Contributing positively to the communities we operate in.
7. Upholding the highest standards of integrity and ethics in all our actions.

Through our unwavering dedication to these principles, we aim to not only meet but exceed the needs of our clients, employees, and stakeholders. Our mission is to be the partner of choice, driving success and progress in every project we undertake.

OUR VISION

Our vision is to be a beacon of innovation and excellence in the contracting industry. We aspire to lead the way in delivering cutting-edge solutions and Quality with the most cost-effective price that not only meet but exceed the expectations of our clients. Our vision is to create a legacy of enduring partnerships, sustainable practices, and a lasting impact on the communities we serve.

MESSAGE FROM THE MANAGING PARTNER...

At Static Contracting, Trading and Service, our unwavering mission is to redefine excellence. Over the past 6 years, we've charted a remarkable journey, pushing the boundaries of innovation and service, enabling our clients to exceed their wildest expectations.

What sets us apart is our unswerving dedication to quality, honesty, and the ultimate satisfaction of our customers. We don't merely undertake projects; we embark on collaborative journeys, carefully listening to your needs, understanding your vision, and ceaselessly working to breathe life into your ideas.

Our dynamic team of experts remains at the forefront of our industry, ceaselessly investing in cutting-edge technologies, tools, and training. This ensures that we not only meet but consistently exceed the ever-evolving demands of the market. Our expertise spans a vast spectrum of sectors, empowering us to approach diverse projects with unwavering confidence and precision.

But success, for us, is not solely about completing projects. It's about making a tangible impact on the world around us. We're staunch believers in giving back to society, actively participating in community initiatives and philanthropic endeavors that truly make a difference.

With the warmest regards,

Engr. Moayad Kharbat

our services

STATIC Contracting, Trading and Services is a full-service general contracting company offering a comprehensive range of construction services. Our services include:

Pre-Construction Planning: We work closely with clients during the pre-construction phase to ensure a solid foundation for success. Our team assists with feasibility studies, budgeting, value engineering, and project scheduling, helping clients make informed decisions and achieve optimal outcomes.

Design-Build: As a design-build contractor, we streamline the construction process by integrating design and construction services. This approach promotes collaboration, minimizes risks, and delivers efficient project delivery from concept to completion.

General Contracting: Our general contracting services encompass project management, subcontractor coordination, and on-site supervision. We oversee all aspects of construction, ensuring adherence to quality standards, timelines, and budgetary requirements.

**we make a
difference, perfect**

SE

our services

Construction Management: We provide comprehensive construction management services, acting as the client's representative throughout the project. Our team handles project planning, procurement, cost control, scheduling, quality assurance, and risk management, ensuring smooth execution and successful project outcomes.

Specialize in renovations and remodeling projects. From minor upgrades to extensive transformations, our team brings creativity and expertise to revitalize spaces and enhance their functionality and aesthetic appeal.

Interior Fit-Out: We offer interior fit-out services for commercial spaces, including office buildings, retail stores, restaurants, and more. Our team focuses on creating functional, visually appealing environments that align with our clients' branding and operational requirements.

Sustainable Construction: We are committed to sustainable construction practices and offer expertise in green building technologies. From energy-efficient designs to eco-friendly materials and renewable energy integration, we help clients reduce environmental impact and achieve sustainability goals.

Project Consulting: Our experienced consultants provide specialized expertise and guidance to clients throughout the construction process. We offer value engineering, constructability reviews, cost analysis, and risk assessments, enabling clients to make informed decisions and optimize project outcomes.

QUALITY ASSURANCE:

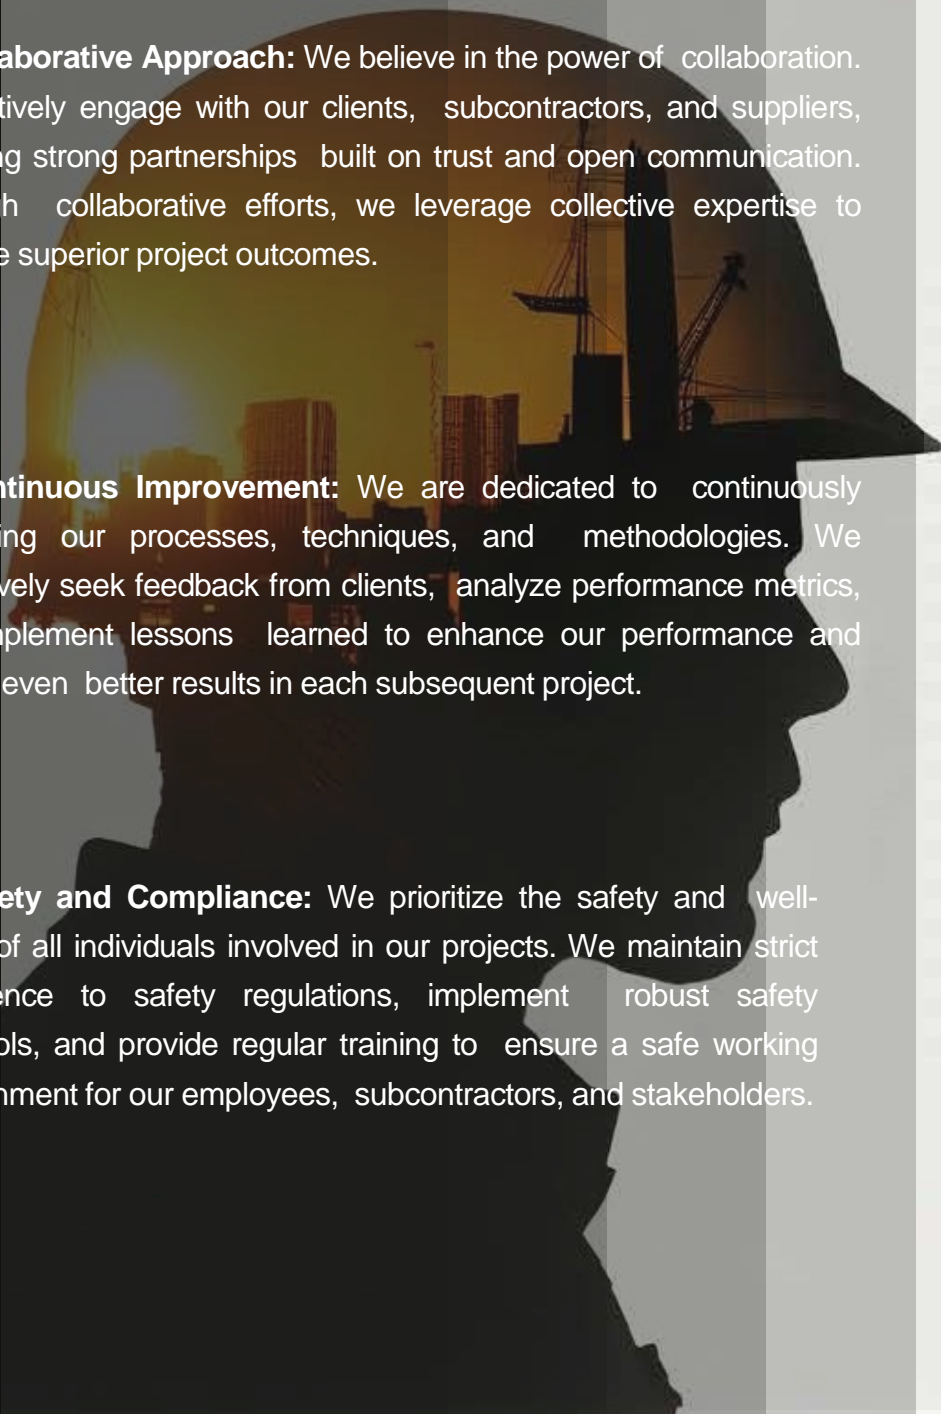

At Static Contracting and Trading and Services, we are committed to delivering construction services of the highest quality to our clients. Our dedication to excellence and continuous improvement is reflected in our Quality Policy, which guides our actions and decision-making processes.

1. Client Satisfaction: We prioritize client satisfaction by understanding their unique needs and exceeding their expectations. We strive to deliver projects that align with their vision, ensuring open communication, regular feedback, and prompt resolution of any concerns.

2. Quality Assurance: We maintain stringent quality assurance practices throughout all stages of a project. Our team adheres to industry best practices, regulatory requirements, and international standards to ensure that our work meets the highest quality benchmarks.

3. Skilled Workforce: We recognize that our employees are key to delivering quality results. We invest in their professional development, provide ongoing training, and foster a culture of continuous learning. By empowering our workforce, we ensure that they have the skills and knowledge necessary to deliver exceptional craftsmanship.

4. Collaborative Approach: We believe in the power of collaboration. We actively engage with our clients, subcontractors, and suppliers, fostering strong partnerships built on trust and open communication. Through collaborative efforts, we leverage collective expertise to achieve superior project outcomes.

5. Continuous Improvement: We are dedicated to continuously improving our processes, techniques, and methodologies. We proactively seek feedback from clients, analyze performance metrics, and implement lessons learned to enhance our performance and deliver even better results in each subsequent project.

6. Safety and Compliance: We prioritize the safety and well-being of all individuals involved in our projects. We maintain strict adherence to safety regulations, implement robust safety protocols, and provide regular training to ensure a safe working environment for our employees, subcontractors, and stakeholders.

7. Environmental Stewardship: We are committed to sustainable construction practices that minimize our impact on the environment. We strive to use eco-friendly materials, promote energy-efficient designs, and integrate sustainable technologies wherever feasible to contribute to a greener future.

8. Quality Control: We employ rigorous quality control measures to monitor and inspect our work at every stage of the construction process. By implementing comprehensive quality control protocols, we identify and rectify any deviations from established standards, ensuring that the final deliverables meet the highest levels of quality.

Our commitment to quality is ingrained in our company culture and demonstrated through our actions. We regularly review and update our Quality Policy to align with evolving industry trends and client expectations, ensuring that we consistently deliver excellence in our construction services.

HSE POLICY

The safety and well-being of our employees, subcontractors, clients, and the communities in which we operate are of paramount importance. We are dedicated to maintaining a safe and healthy work environment by adhering to the highest safety standards and promoting a culture of safety throughout our organization.

- 1. Safety Commitment:** We are committed to providing a safe and healthy workplace for all individuals involved in our projects. Our leadership team is fully dedicated to promoting safety as a core value and ensuring that safety practices are integrated into every aspect of our operations.
- 2. Compliance with Regulations:** We comply with all relevant local, state, and federal regulations pertaining to occupational health and safety. We keep abreast of updates to safety laws and regulations and adapt our practices accordingly to ensure full compliance.
- 3. Risk Identification and Mitigation:** We conduct thorough risk assessments for each project, identifying potential hazards and implementing effective control measures to mitigate risks. We actively involve our employees, subcontractors, and other stakeholders in the risk identification process to create a comprehensive safety plan.
- 4. Employee Training and Education:** We provide comprehensive safety training programs to our employees and subcontractors. Through ongoing education, we ensure that all individuals on our job sites have the necessary knowledge and skills to perform their work safely and efficiently.

5. Safety Communication and Reporting: We foster a culture of open communication, encouraging all employees to report any safety concerns, incidents, or near misses promptly. We investigate all reported incidents and take appropriate corrective actions to prevent recurrence and continuously improve our safety practices.

6. Personal Protective Equipment (PPE): We require the use of appropriate personal protective equipment on all job sites, ensuring that employees and subcontractors are adequately protected. We provide the necessary PPE and enforce compliance with PPE requirements at all times.

7. Safety Inspections and Audits: We conduct regular safety inspections and audits to monitor and evaluate our safety performance. These inspections are conducted by trained safety professionals who assess compliance with safety policies and identify areas for improvement.

8. Continuous Improvement: We are committed to continuously improving our safety performance. We actively seek feedback from our employees and subcontractors, learn from incidents and near misses, and implement preventive measures to enhance our safety practices.

9. Emergency Preparedness: We develop and regularly update emergency response plans for all our projects. These plans include procedures for evacuations, medical emergencies, and other potential crises. We conduct drills and training exercises to ensure preparedness and minimize the impact of emergencies.

10. Subcontractor Safety Management: We hold our subcontractors to the same high safety standards we maintain. We communicate our safety expectations to subcontractors, ensure their compliance with safety protocols, and collaborate to create a safe working environment for everyone involved.

We are dedicated to the continuous improvement of our safety performance and the prevention of occupational injuries and illnesses. Safety is a shared responsibility, and we encourage all individuals associated with our projects to actively participate in our safety initiatives by adhering to this Safety Policy, we aim to create a work environment where safety is valued, accidents are prevented, and everyone returns home safely at the end of each day.
